Practical Travel Notes

- **Navigation Apps:** Download *Naver Map* or *KakaoMap* before arrival, as standard international map apps have limited walking and transit routing in South Korea.
- **Rail & Domestic Flights:** Reserve KTX train tickets via KORAIL 30 days in advance and book Busan–Jeju–Seoul domestic flights early, as autumn weekends see high domestic travel demand.
- **Jeju Transport:** An International Driving Permit (IDP) is mandatory to rent a car on Jeju Island; otherwise, book a licensed Jeju day-tour taxi or use express trunk buses.
